our details

Applied Pneumatics has been a major contributor to the South African industry of pneumatic low cost automation systems since its inception in September 1991, with expertise in the field of design, manufacture, installation and commissioning of such systems. Full workshop and test facilities are available.

As the leading Parker Pneumatic distributor in South Africa, our customers can be assured of first rate sales, service and technical support. Many companies, both big and small, have come to rely upon us to provide a swift and efficient response to their pneumatic requirements.

Customer satisfaction is paramount.

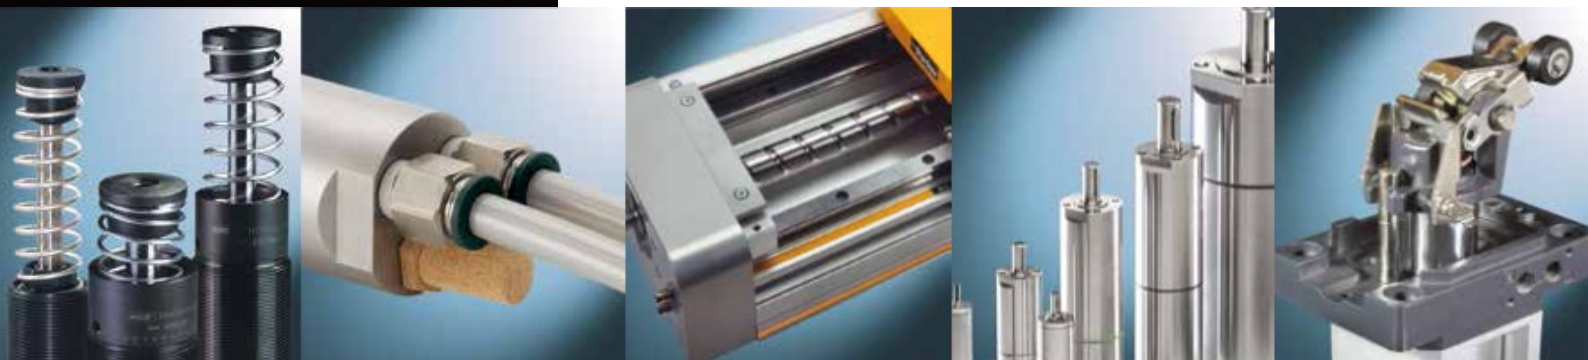

The union of ten world class brands - Schrader Bellows, Legris, Telepneumatic, Atlas Automation, Sinclair Collins, Skinner, Lucifer, Sure, Sempres and Siebe - makes the Parker Pneumatics range one of the most extensive available and able to provide equipment to suit all types of pneumatic projects and budgets.

APPLIED PNEUMATICS ARE OFFICIAL DISTRIBUTORS OF:

Schrader Bellows Pneumatics
